

## Health and Beauty Queries

BY MRS. MAE MARTIN.

**Madre:** Very frequently a dark, coarse-looking complexion comes from the failure of soap and water to remove all dirt from the pores of the skin. If you will dissolve an ounce of alomozola in a half-pint of cold water, then add two teaspoonsful of glycerine, stir and allow to stand a few hours, you will have a splendid cream jelly for clearing up your skin. This cream is greasy, and will not cause hair to grow on the face. I find it excellent for softening and smoothing the skin and for reducing the size of large pores. It is fine for massaging to remove wrinkles, and if you will use it regularly you will soon have a charming, velvety complexion.

**Hernie E.:** Your hair will never look its best and be easy to do up as long as you continue to shampoo with soap. The alkali in soap and most read-prepared shampoos eats the very life out of your hair, makes it harsh and brittle, and causes those faded, discolored streaks you speak of. Most shampoos simply remove the oil and dirt from the hair, but do not take out the dirt from the hair-roots which causes itching scalp, dandruff and finally dead falling hair with gray ends. If you will shampoo your hair with a teaspoonful of canthox dissolved in a cup of hot water you will find it most delightful. This shampoo produces a rich, creamy lather that cleanses thoroughly, dries quickly and leaves the hair soft, fluffy and the scalp feeling fresh. This is by far the best shampoo I ever tried, and my friends, to whom I have recommended it, tell me it is simply splendid.

**Jane R.:** Your yellow, pimply complexion comes from impure blood. You should not neglect this any longer. Make a good system and blood purifier by dissolving one-half ounce of one ounce of karsene in one-half pint of alcohol, adding enough boiling water to make a full quart; then take a tablespoonful before each meal, and it will clear up your face and give it color and expression. There is nothing that will quite equal this tonic for restoring lost appetite, putting the stomach and liver in order and for toning up the system generally.

**Arline:** If you find face powder so unsatisfactory to use as warm weather

approaches, since it seems to clog up the pores of the skin, try a lotion made by dissolving four ounces of spumax in a half-pint of hot water, adding two teaspoonsful of glycerine. This lotion is inexpensive and when applied to your face and arms will not show or rub off like powder. It will free the complexion from freckles, tan, sunburn, and make any shiny, yellow, muddy skin beautiful by giving it a youthful, pinkish appearance. This is the best complexion beautifier I have ever seen.

**"Tired Eyes":** Where your eyes appear inflamed and continually have that tired, overworked feeling, you should lose no time in treating them with a good, strengthening tonic. Get an ounce of crystals, dissolve it in a half-pint of water, and drop a few drops in each eye occasionally. Although a very simple remedy, you will find it the best. It will not smart the eyes, but is very soothing. I find it excellent for relieving eye pain and weak, watery eyes, and it is a great aid to those who wear glasses.

**B. L.:** The rate at which you have taken on excess flesh need not alarm you. You can easily remove this "adipose fat" by making a harmless reducer from four ounces peroxide dissolved in 14 pint of warm water, and twice a week, rubbing it gently into the roots of your hair, you will be delighted to see how bright and healthy your hair will soon become. This quinine tonic makes a fine dressing for the hair and will not cause it to become stringy, dull or matted as most tonics do.

**R. K. E.:** The only hair tonic I know which will really destroy the dandruff in your scalp, stop your hair from coming out, check the brittleness and put your scalp in a healthy condition is one you can prepare yourself. Simply get an ounce of quinine and dissolve it in a half-pint of alcohol, then add one-half pint of cold water. It is a waste of money to buy most hair tonics, as they do no good, but by using this one about twice a week, rubbing it gently into the roots of your hair, you will be delighted to see how bright and healthy your hair will soon become. This quinine tonic makes a fine dressing for the hair and will not cause it to become stringy, dull or matted as most tonics do.

## Have You Relatives In the Hospital?

EXPENSIVE, ISN'T IT?

It is undoubtedly good news to the public of Salt Lake to know that Dr. Jos. H. Robinson, the well-known physician of this city, has taken charge of the GERMAN-AMERICAN HOSPITAL, located at First West and Second North, and will conduct a strictly high-class hospital in every respect EXCEPT PRICE.

In other hospitals the wards are \$10.50 per week; German-American Hospital, \$8.50 per week.

In other hospitals private rooms are \$15.00 per week; German-American Hospital, \$10.50 per week.

At the German-American Hospital any maternity case, two weeks, \$25.00. Medical services and medicine free.

For particulars, write, phone or call

**Dr. Jos. H. Robinson**

Owner and Manager German-American Hospital.

Downtown Office over Luna Theatre.

Phones—Bell 442; Ind. 1556.

Hospital Both Phones 409.

\$265.00

## Widow's Money

We collected \$265 for Mrs. W. P. Lynn of 734 East First South street, Salt Lake City, Utah. One hundred dollars of this amount was collected about six weeks ago; the balance has been collected last week. The claim is one that was contracted with her husband and had been owing nine years. Mrs. Lynn had confidence in our ability to collect and also believed in our oft-repeated phrase, "Red streaks of honesty exist in everybody," and turned the claim to us for collection. She now has the money. In view of the fact that many people discouraged Mrs. Lynn from turning the claim in and told her it could not be collected, that she was wasting time and money trying to collect it, we feel very much complimented that she brought the claim to us. It gives us great pleasure in being able to reward her confidence, but we do not for a minute wish any one to lose sight of the fact that the "Red streaks of honesty" were responsible for the settlement.

Turn in your claims and we will collect some money for you. We collect for everybody, everywhere. We have clients throughout the civilized world and we collect claims contracted in your town just as well as though they were contracted in Salt Lake City.

This advertisement will be read all over the United States, Mexico, Canada and elsewhere. We want every reader to believe us and to turn their claims to us for collection. If you want cash for your delinquent claims, we can get it, no matter where your claims were contracted, nor where delinquents may be living now.

If we did not have the ability and facilities to collect your claims, we certainly could not afford to pay for this and the great mass of other advertisements which we run in different newspapers and periodicals from New York to San Francisco. This "ad" (like all our other "ads") is practically sure to bring a number of clients with claims for collection, and we are just as sure to collect these claims and make enough money to pay for the cost of the "ad" and make a good profit besides. That is why we advertise more than all the collection agencies in the world put together; that is why we have the largest collection staff in the world; that is why we can tell where you read this "ad," address us, Room 33, Commercial block.

## MUST ONLY BE OLD TO ENJOY OUTING

No Other Limit Placed on Tooele Celebration to Be Held June 22.

1,500 EXPECTED TO BE 'IN'

PLANS FOR OLD FOLKS' DAY FESTIVITIES COMPLETED.

Extensive preparations for the annual celebration of old folks' day at Tooele, June 22, have been completed by the committee. The attendance is expected to exceed all previous records, and it is estimated that 1,500 persons over 70 years of age will take part in the excursion. A special train carrying the old people will leave the union station for Tooele at 8:30 a. m., and will consist of thirteen passenger coaches. Upon the arrival at Tooele the old folks will be guests of the Tooele Valley Railway company, through the courtesy of General Manager E. P. Mathewson. They will be taken a sightseeing trip and will be shown the method of treating ores at the new smelter. They will return to Tooele at 11:30, where a banquet in the grove surrounding the Tooele tabernacle, which will be decorated. The return to Salt Lake will be at 6 or 7 o'clock.

The old people will wear badges indicating their age. Those over 70 years and under 80 will wear a red ribbon badge, and those over 80 and under 90 will wear blue badges, while all those over 90 years of age will wear white ribbons. The Utah Light & Railway company will follow the custom of other years and will carry all wearing the badges to and from the depot free of charge.

### Railroads Combine.

On account of the proportions of the excursion the railroads have combined to carry the old folks to Tooele and return. General Manager R. B. Wells of the Salt Lake Route will furnish the motive power for the occasion, and General Manager W. H. Bancroft of the Oregon Short Line and Colonel I. A. Benton, general passenger agent of the Denver & Rio Grande, will furnish the passenger coaches and equipment required. The train will be decorated with the national colors, for which purpose many flags and a large quantity of bunting have been secured. Lemonade and cake will be served to the excursionists.

The committee in charge wishes it understood that age is the only qualification necessary to take part in the celebration, and every man and woman in the city over 70 years of age, regardless of color or creed, is requested to join the excursion. Bishops, ministers and heads of congregations have been requested to send in lists of persons over 70 years to the committee, who will furnish tickets free of charge. Tickets may be had of William B. Barton at the office of the presiding bishop. The old people can obtain their tickets from the bishops of their respective congregations, the minister of their congregation, and are asked to bring a knife, fork and spoon for each member making the trip, and should wear the proper badges. All will be made welcome and a good time shown to all present.

### One Hundred Aides.

The members of the old folks' central committee will be assisted by 100 aides, who will exert every possible effort for the care and entertainment of the aged. A large number of young men and women of Tooele have been appointed by the Tooele stake authorities to care for the old people during their stay in that town. The central committee is as follows:

C. W. Nibley, William Naylor, William Eddington, Andrew Jensen, William B. Barton, Hyrum Grosbeck, George B. Margrett, B. P. Grant, Heber C. Iverson, Joshua B. Bean, George E. Bourne, George L. Savage, Rebecca Nibley, Annie Naylor, Mary Eddington, Bertha H. Jensen, Ellen Barton, Ann Grosbeck, Fannie Margrett, Annie S. Grant, Anna B. Iverson, Margaret E. Bean, Helen K. Bourne, Lana S. Savage.

The outing is to be in commemoration of the 117th anniversary of the birth of Bishop Edward Hunter, who, with C. B. Savage and George B. Gordon, planned the first outing for the old folks in the early '70s. Since that time the practice has grown in favor, and yearly outings have been planned for the old folks in various parts of the state. The celebration at Tooele promises to be the largest in the history of the observance.

## CLUB WOMEN RETURN

Utah Delegates to American Woman's League Convention Come Home Much Pleased.

Five Utah delegates to the convention at St. Louis, Mo., of the American Woman's league returned home yesterday, deeply satisfied with the result of the meeting. At a meeting of the Utah branch in the near future, a full report will be given the other members who were not so fortunate as to attend the St. Louis convention.

The Utah delegates who attended the sessions were: Mrs. Lillie T. Freeze, Mrs. Cory Abright, Mrs. S. A. Burt, Salt Lake, and Mrs. Prout and Miss Sharp of Ogden.

"The league has been forming for two years," said Mrs. Freeze, one of the most enthusiastic of the returning delegates, "and all of the final details were accomplished at St. Louis, so that we are now thoroughly established."

"There were 10,000 women at that convention, and much good was accomplished. I believe that the Utah branch will thrive and become one of the most important among the western states."

### DISSOLUTION OF PARTNERSHIP.

The law partnership heretofore existing between the undersigned is hereby dissolved by mutual consent.

M. M. JENSEN, Nephew Jensen.

Dated Salt Lake City, Utah, June 15, 1910.

### BOYS AND GIRLS THIS SUMMER.

Gymnasium Club, University of Utah, under expert, H. S. Anderson of Yale. Care and exercise which develop body and character.

Manual training, university wood and force shop, under E. H. Tipton. Two or more hours a day. University of Utah summer school. June 13 to July 22.

## SHEEP INDUSTRY TO BE DISCUSSED

"First Class In Education" Will Meet at Wanship, Summit County, Next Friday.

The first class in education this year for the sheep men of the state will be held at Wanship, Summit county, by the Utah sheep commission, next Friday night. At this meeting some of the most vital questions pertaining to the sheep industry of the state will be discussed after which some time will be spent in going over the question of forest reserves in relation to the high cost of living.

The meeting will be addressed by Dr. A. C. Young, state veterinarian, on the subject of diseases of sheep and cattle, and the best methods to adopt to cure the same. He will also discuss the question of the carrying of young lambs. C. B. Stewart, secretary of the state sheep commission, will deliver an address on the plans of the sheep commission in relation to the sheep growers of the state. He will take up the question of wool storage and the advantages which can be secured by the sheep growers of the state by co-operating with the state sheep commission. The most important part of his address, however, will be in relation to the forest reserves. He has recently received letters from the most prominent wool growers of the state that they are yearly being crowded out of business by the continued adoption of forest reserves. "In the last few years," said Mr. Stewart, "the sheep range has been cut down from between fifty to seventy-five per cent of what it used to be. This means that the growers are compelled to secure other lands upon which to graze their sheep and consequently they are put to a greater cost than they normally would be. I have taken this matter up with Senator Reed Smoot at Washington, and hope to secure some relief for the Utah growers. The forest reserves are not only hampering the sheep men of the state, but the cattle men as well, and I believe that this fact has a great deal to do in the high cost of living today."

E. H. Callister, president of the state wool growers association, will deliver an address on "Wool and Finances." The next meeting of the year will be held at Vernal on July 25. At this meeting it is expected that Governor William H. Hunt will be present to deliver a short address before the wool growers of this part of the state.

### COMMITTEES APPOINTED FOR ALL-UTAH DAY

The Manufacturers' association committee in charge of the excursions for All-Utah day, to be held at Salt Lake July 15, is as follows:

George S. McAllister, Frank Erath, D. F. Collett, John H. Denhalter, F. J. Alexander, J. P. Fowler, F. S. Hatch, George F. Lloyd, William F. Bailey, Alfred T. Cutler, R. W. Daynes, Will Gilmadell, John M. Knight, J. G. McDonald, C. W. Mount, Clarence C. Neslen, W. J. Robinson, Will Sparks, George Smith, W. F. Jensen, John R. Bruff, Oliver R. Meredith, Lorenzo N. Sohl, Robert Skelton, Bird Murphy, John E. Clark, O. S. Jackson, W. T. Benson, F. W. Dunyan, Arthur E. Graham, Orson H. Hewlett, L. G. Hardy, B. W. Menendhall, Malcolm McAllister, R. E. Miller, P. W. Ruder, Mr. Startup of Provo, Armand St. Clair.

The committee will hold a meeting Monday evening at 8 o'clock in the Vermont building, when arrangements for the various excursions will be discussed.

### MERRILL IS APPOINTED TO SUCCEED PAXMAN

Alfred Atkinson, chairman of the board of governors of the Dry Farming congress, announces the appointment of Lewis A. Merrill of Salt Lake, to succeed J. W. Paxman of Nephi, as committeeman for Utah. Mr. Paxman's prolonged illness made it impossible for him to act on the committee. Mr. Merrill is president of the Utah State Dry Farming association

42 to 48 West First South

and director of state dry farming experiments for the Utah Agricultural college.

**NO POISON IN MEDICINE.**

State Chemist Reports on Liquid Twin Babies Took.

State Chemist Herman Harms yesterday informed County Attorney Job P. Lyon that he was unable to find poison in the medicine believed to have caused the death of the twin babies of Mr. and Mrs. Carl Reutter, 1321 West South Temple street.

A complete report on the chemist's examination of the medicine will be made to the county attorney's office Monday. Mr. Lyon says that the twins died from natural causes, that the bodies of the infants will not be exhumed and that there will be no further investigation.

Dr. H. P. Kirtley stated yesterday that the infants died from a form of acute peritonitis, developing from indigestion. Nervous systems of twins are usually similar, and being sympathetic they suffer similarly from diseases they contract.
